

LEKHRAJ SINGH

Bhilai, Chhattisgarh, India
singhlekhranj497@gmail.com | linkedin.com/in/lekhrazz19

SUMMARY

Cybersecurity-focused Computer Engineering undergraduate with hands-on experience in penetration testing, bug bounty hunting, and application security. Strong understanding of OWASP Top 10, web vulnerabilities, and security testing methodologies. Passionate about ethical hacking and secure system design.

EDUCATION

Shri Shankaracharya Technical Campus

B.Tech in Computer Engineering

Bhilai, Chhattisgarh

Sep 2024 – Sep 2028

- Relevant Coursework: Computer Networks, Web Technologies, Operating Systems, Cybersecurity Fundamentals

PROJECTS

Cybersecurity Homelab (Attack–Defense Environment)

Penetration Testing & Security Research

Self-Hosted

2024 – Present

- Designed and deployed a virtualized cybersecurity lab using Kali Linux (Attacker) and Ubuntu Server (Target).
- Configured vulnerable applications including DVWA, Juice Shop, and custom vulnerable services.
- Performed web application attacks such as SQL Injection, XSS, authentication bypass, and misconfiguration exploitation.
- Used tools like Burp Suite, Nmap, Metasploit, Nikto, and Gobuster for reconnaissance and exploitation.
- Documented findings, attack methodology, and mitigation steps following OWASP Top 10 standards.

EXPERIENCE

Bugcrowd

Security Researcher

Remote

Jun 2025 – Present

- Performed web application security testing using Burp Suite and Nmap.
- Identified OWASP Top 10 vulnerabilities including XSS, misconfigurations, and input validation issues.
- Reported valid findings following responsible disclosure standards.

HackerHub8 Company LLP

Cybersecurity Volunteer

India

Oct 2025 – Present

- Participated in cybersecurity awareness and training programs.
- Collaborated on vulnerability analysis and penetration testing workflows.

CERTIFICATIONS

- ISO 27001 Foundation – Information Security
- Cybersecurity Fundamentals – IBM
- Ethical Hacker – Cisco

SKILLS

- **Application Security:** OWASP Top 10, Secure Coding, Web Security
- **Penetration Testing:** Vulnerability Assessment, Reconnaissance, Manual Testing
- **Security Tools:** Burp Suite, Nmap, OWASP ZAP, Metasploit, Kali Linux
- **Programming:** Python, C, C++, HTML, CSS, HTTP/HTTPS
